

AN INVITATION TO DOUGLAS'

THIRD NUMERICAL CONTROL SYMPOSIUM

In order to keep Douglas personnel updated on the ever-changing and constantly increasing demands of computers and automation within the Douglas Company, the Third Numerical Control Symposium has been scheduled for Monday 22 February 60 from 9:00 A.M. to noon in Conference Room 2C32 at El Segundo (enter gate 35). Although attendance at this conference is restricted to Douglas employes only, the meeting may be attended by any employe who, in your opinion, would benefit from this half-day briefing on the numerical control of machine tools at Douglas. The agenda is scheduled as follows:

9:00	INTRODUCTORY KEYNOTE ADDRESS	J. L. Jones, G
9:20	AEROSPACE INDUSTRIES ASSOCIATION PROGRESS REPORT ON NUMERICAL CONTROL	M. M. Martin, A-600
9:40	REPORT ON THE A.P.T. PROJECT	C. Nance, A-260
10:00	SIX MONTHS' CUTTING EXPERIENCE AT HYDROMIL	A. M. Herbrand, B-648
10:20	SMALL COMPUTER APPLICATION TO NUMERICAL CONTROL	<u>J. R. Dean, C-648</u>
10:40	PROGRAMMING FOR NUMERICAL POSITIONING CONTROL	(Movie)
11:00	WAGE AND CLASSIFICATION DETER- MINATION FOR NUMERICAL CONTROL	A. J. Hull, G-14
11:20	RELIABILITY DATA PROCESSING	R. C. P. Jackson, B-250
11:40	REPORT ON USE OF VARIAX AT LONG BEACH	W. J. Kinney, C-658

Each speaker is respectfully requested to prepare a written summary of his talk to be included in the minutes of this meeting. These minutes will be made available for distribution to all attendees.
